EDUCATION

Fanshawe college, London, Ontario - Canada

Postgraduate Certificate in Mobile Application Development

January 2025 - Present

L.J. Institute of Engineering & Technology, Ahmedabad, Gujarat, India

Bachelor of Engineering in Computer Science

CGPA 8.01

March 2020 - June 2024

Shraddha Vidhya Mandir, Ahmedabad, Gujarat, India

GSHSEB Gujarat Higher Secondary Board – Science (Group-A)

Percentile: 87.43

March 2020

Shraddha Vidhya Mandir, Ahmedabad, Gujarat, India

GSEB Gujarat Secondary Board

Percentile: 94.43

March 2018

PROFESSIONAL SUMMARY:

Software Developer

As a software development graduate with 1.5+ years of experience, I'm eager to apply my knowledge in a professional setting. Skilled in Python, Java, JavaScript, web development, mobile app creation, and database management. I have experience in programming fundamentals, algorithms, and data structures. Previously worked at Eonian Software Solutions with technologies like Next.js, React.js, Python, and FastAPI. Completed an internship at TatvaSoft, working with React.js and Node.js. I have also developed Power Apps (both canvas and model-driven), customized Dynamics 365 CRM, and created Power Apps from SharePoint lists. Interested in exploring Microsoft technologies such as SharePoint, Power Platform, and Azure. Passionate about learning new technologies and delivering impactful solutions.

Currently enrolled in the Postgraduate Certificate program in Mobile Application Development in London, Ontario, Canada.

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ReactJS, TypeScript), Python (FastAPI, Flask), SQL, PowerFx, DAX, JSON, Java, C, PHP
- **Frameworks:** ReactJS, Next.js, Node.js, Express.js, Vite
- **Databases:** MySQL, PostgreSQL
- **Microsoft Technologies:** SharePoint, Power Platform, Dynamics 365, Azure (Basic)
- **Tools & Libraries:** Git, REST APIs, Docker, Nginx, Razorpay API, Webpack, Babel, AI/Image Processing.
- **AI/Image Processing:** Explored AI tools like PrivateGPT, LLaMA, LAVA, and Mistral. Used prebuilt image processing tools for AI-based solutions. Familiar with Power AI Builder for creating AI-driven applications integrated with Microsoft Power Platform.
- **Concepts:** OOP, Data Structures, Algorithms, CI/CD, Agile
- **Other:** UX/UI Design, Unit Testing (Jest, Mocha), Performance Optimization

PROJECTS

Face Recognition Attendance System, Design Engineering, L.J. Institute of Engineering & Technology

September - 2023

- **Technologies:** Python, Flask, HTML, CSS, JavaScript, Excel, Git version control
- Developed a system that detects and recognizes faces, integrated with an Excel sheet for attendance and automated messaging for absent students or parents.

Portfolio Website, Personal Portfolio website to demonstrate my work

June 2024 - Present

- **Technologies:** ReactJS, Vite, TypeScript, Python, SQL, GIT, GitHub Pages, Git version control
- Created a personal portfolio website deployed on GitHub Pages to showcase my skills and information.
- **Portfolio Website:** [Ajit's Portfolio](#)

Gym Website, Practice Project in college for learning

January – 2022 - April 2022

- **Technologies:** PHP, SQL, HTML, CSS, JavaScript, XAMPP Server
- Built a gym website where users can register and get information about gym amenities, with data stored in MySQL.

EXPERIENCE

Eonian Software Solutions, Ahmedabad, Gujarat - India

January 2024 – December 2024

Software Engineer

- Developed CRM platforms using ReactJS, TypeScript, FastAPI (Python), and Postgres.
- Implemented role-based access, CRUD operations, and campaign management features.
- Integrated payment systems (Razorpay) and worked on AI image processing.
- Customized SharePoint lists, Power Apps, and Dynamics 365 CRM using Microsoft technologies.

TatvaSoft Solutions, Ahmedabad, Gujarat - India

April 2023 - May 2023

Software Engineering Intern Summer Internship

- Worked on ReactJS and NodeJS for web development, focusing on faster and more efficient websites.

ATHLETICS

L.J.I.E.T. Cricket Team

June 2023 – December 2023

Pace Bowler and Fielder

- Regularly participate in team practices and tournaments, honing skills in both batting and fielding.
- Collaborate with teammates to develop strategies for competitive matches.
- Dedicate over 10 hours a week to team practice, fitness, and outdoor matches.

L.J.I.E.T. Indoor Chess Club

January 2022 – July 2022

Chess Player

- Compete in college-level chess tournaments, developing strategic thinking and problem-solving abilities.
- Coordinate with club members to organize practice sessions and events.
- Contribute to fostering a community of chess enthusiasts on campus.

ACTIVITIES

Programming Class Volunteer, L.J.I.E.T., Student Lab Coordinator

June 2023 – November 2023

- Organize coding workshops and provide mentorship in JavaScript, Python, and mobile app development.
- Assist students with debugging and concept clarification during hands-on sessions.

Student Mentor, L.J.I.E.T., Volunteer Member

Sept 2020 - Dec 2020

- Support incoming students with orientation, academic planning, and course selection
- Facilitate communication between students and faculty to enhance the learning experience

DECLARATION

I hereby declare that the information provided is accurate to the best of my knowledge.

Place: London, Canada
